

THE NEW EDUCATOR HIGH SCHOOL

ONTARIO SECONDARY SCHOOL DIPLOMA

MISSION OF THE NEW EDUCATOR

Dear Parents and Young People Designing the Future,

A World-Class Future Starts Here

At The New Educator High School, our mission is clear: to provide young minds with world-class educational opportunities that empower them to thrive—both personally and academically.

We are proud to achieve this through the Ontario Secondary School Diploma (OSSD) program, delivered by our school based in Canada. Ontario's education system consistently ranks among the best in the world, as recognized by global benchmarks such as the PISA exams. As a result, the OSSD is one of the most respected and internationally recognized high school diplomas.

What makes the OSSD truly powerful is the direct access it provides to top universities in Canada, the United States, Europe, and beyond. It opens the door to valuable scholarship opportunities, on-campus housing, and a seamless application process.

At The New Educator High School, we offer a 100% online, student-centered learning experience designed for today's learners.

Our program grants equivalency for high school courses completed outside Canada. While students continue their high school education in their country, they simultaneously complete 8 OSSD courses based on the Canadian curriculum—and graduate with a Canadian high school diploma.

This dual path not only enhances academic achievement but also develops essential life skills such as time management, discipline, and personal responsibility.

Our holistic approach empowers students to gain: Advanced English language proficiency, critical and independent thinking, a global mindset.

We invite you to become part of an educational journey that is flexible, modern, and future-focused, where every student receives individualized mentorship and guidance.

Let's build a brighter future for our children—together.

The New Educator High School

PRINCIPAL'S MESSAGE

Dear Students and Parents,

Welcome to The New Educator High School, where global opportunity meets quality education.

We are proud to be an officially accredited private high school in the province of Ontario, Canada with BSID# 669484. Our school is listed by the Ontario Ministry of Education on their official website (ontario.ca/page/private-schools). This means that every student who completes our program earns a recognized Ontario Secondary School Diploma (OSSD). This is the same diploma received by students studying in public schools across Canada.

Through our fully online and asynchronous learning model, students continue their national high school education in Turkiye and complete only 8 OSSD courses to graduate with a Canadian diploma.

Many courses taken in the Turkiye have equivalency, making the process both streamlined and student-friendly. The OSSD is more than just a diploma. It's a gateway to top universities in Canada, the U.S., the U.K., and across Europe. OSSD fosters independent thinking, strengthens academic English, and prepares students for success in an international learning environment.

At The New Educator High School, we believe that quality education should be borderless. We are here to support our students every step of the way, academically, personally, and globally.

Thank you for choosing to be part of a future-focused learning journey with us.

Warm regards,

Antonette Ramagnano
Principal, The New Educator
